Work Experience

1. Have worked at Eastern India Motion Picture Association as a Computer Operator (3 Months).
2. I have handled 300+ customers all over Nepal with my own duality of Sales and Support at Accman Infotech (Kolkata) for 2 years.
3. Since 2008 I have started my own company ACM Infotech Nepal and developed some software in VB6 and the database on Access. Then transferred them to SQL server database by creating a team. The software is General Business Accounting Software, Jewellery Software, Hospital Software, Pathology Software and I have also made Nepal Government Project Air Cargo Software. Besides, I have done the hardware maintenance work of Nepal Oil Nigam by creating a team. I have control over cooperative software and databases. Developed auto-billing system in department stores. I made about 650 customers.
4. Then I came to India and started Ambay Computers in 2015 and used to sell computers, laptops, all other electronic products, repair services, networking, and cc camera installation. Then in 2018, I opened Ambay Computers Wholesaler, after making a big investment in it, this business did not go far because of the hubby's online business over the offline business. 2020 came and saw all the businesses incur huge losses and I had to close completely as I could not raise them.

Trainings & Workshops

- SQL Server 7.0 training & certification Regional Computer Centre, Ministry of Electronics & Information Technology (MeitY), Government of India, (Registered Scientific Society (Autonomous Body) by the Central and West Bengal Governments.)
- Attended last 1 Year with Great Learning Academy, Olympus-1 for training various workshops for free certificate course

Extra-curricular Activities

- Have 20 years of formal training in classical music (1984-93)
